EDUCATION

Humanistic Technological Bachelor 2023 - Present
Roskilde University - Roskilde

Higher Technical Education 2019 - 2022
VidenDjurs - Grenaa

Hi there 🙋

I have solid experience in developing complex applications using Javascript, React, Next.js, Express, MongoDB and SQL. My skills in these technologies enable me to design and implement high-quality software solutions. I have a positive and smiling approach to my colleagues and partners, and I thrive in a team environment. I believe in the importance of spreading joy and positivity in the workplace, and I love to put a smile on others' faces.

WORK EXPERIENCE

Frontend UI / UX designer and programmer

Thirdroom 2023 - Present
